

# A Chatbot for Study Advice

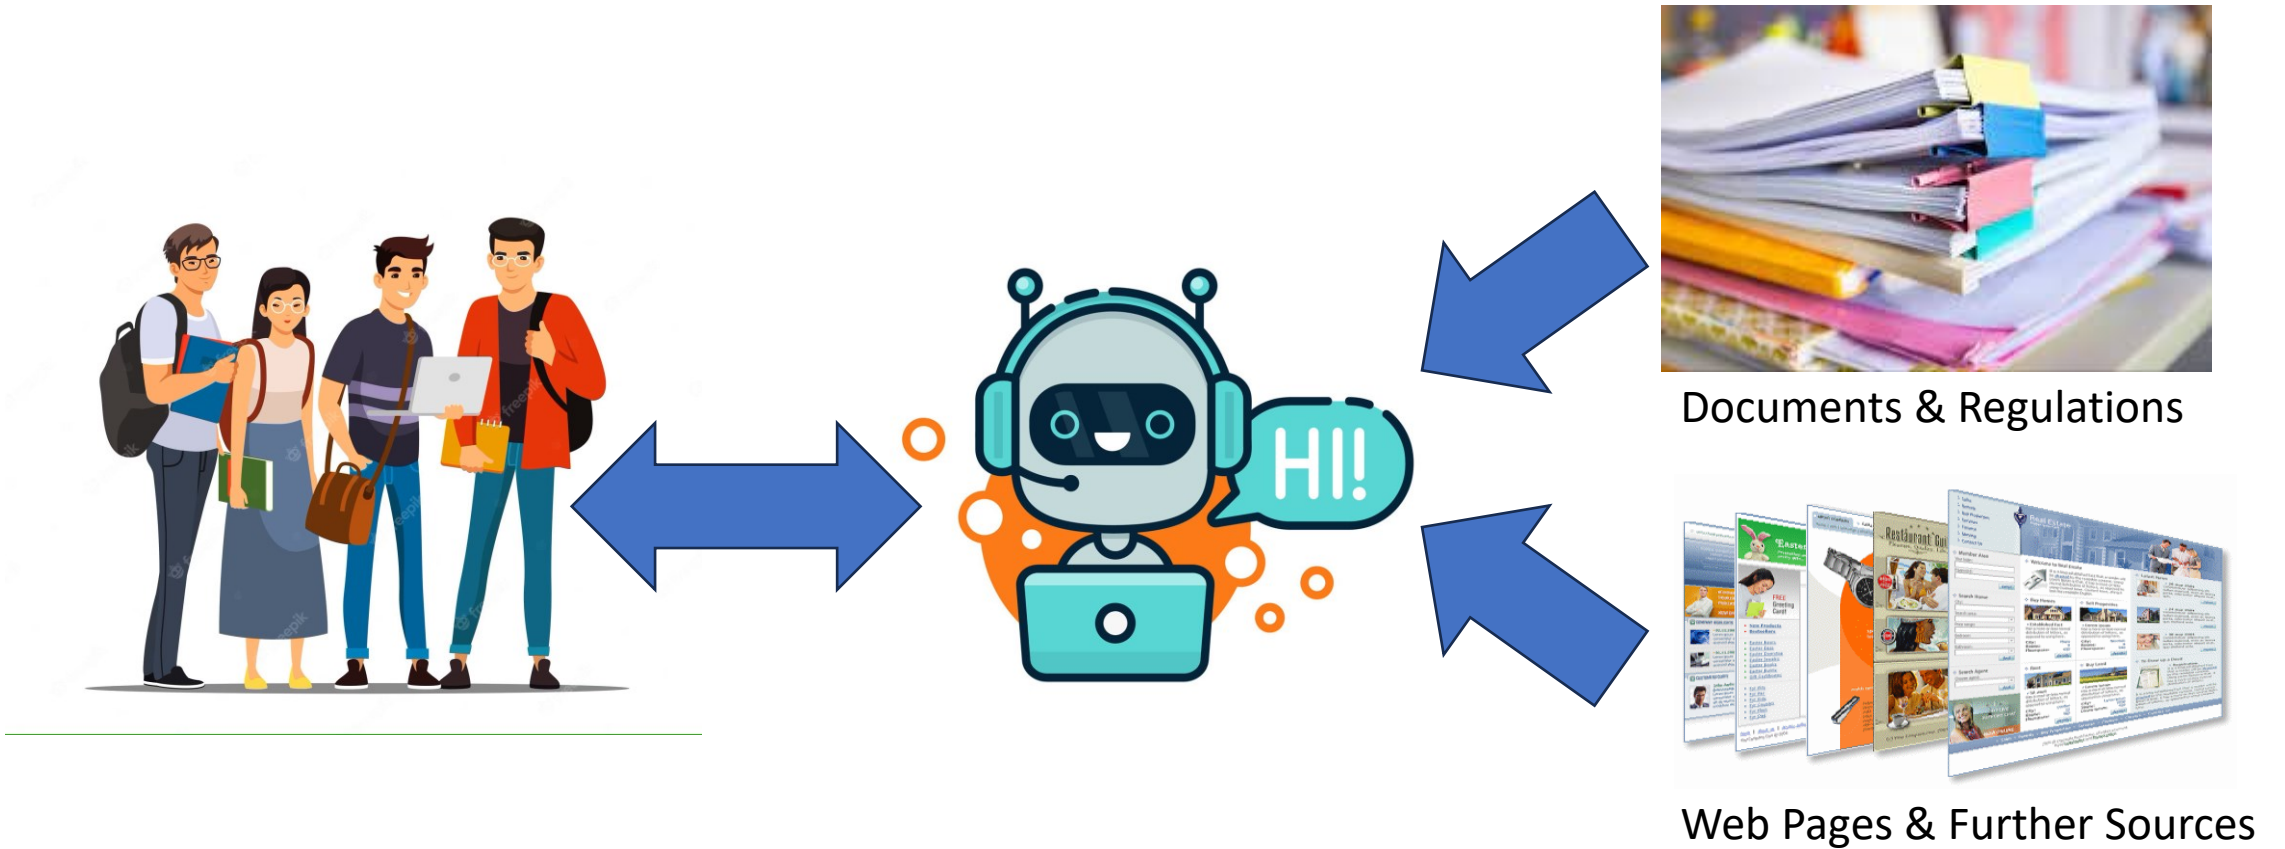

# Questions include, but are not limited to...

# Questions include, but are not limited to...

# A 2020s solution should look like this:

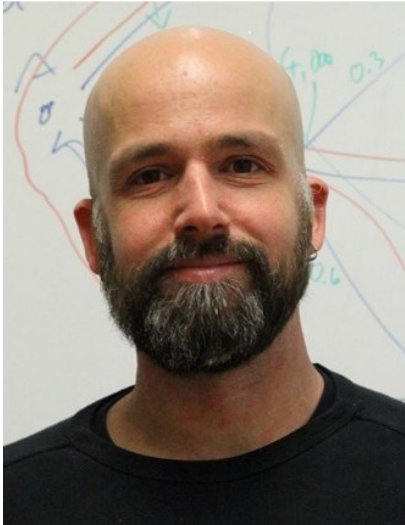

# Your Tasks & Challenges

- **Overall goal: Develop a chatbot for study advice**
- Look at chatbot frameworks
- Feed them with specific documents
- Make sure advice is reliable
  - e.g., provides sources
- Evaluate quality
  - e.g., based on existing (anonymized) requests
  - in English and German

# Us...
